

An excerpt from

Rapid Naming

by Bonnie Terry, M.Ed., BCET

Directions:

Students are to scan the pages from left to right. Have them say aloud 'UP', 'DOWN', 'LEFT', or 'RIGHT' depending on the direction of the arrow. Have them do a practice drill where you correct them if they scan incorrectly. Afterwards, do a timed drill of the page where you keep track of their mistakes privately. Log progress over time to see their improvement.
